Cheval Blanc

Chez Donati

Brasserie

Delicacies from the kitchen and cellar

Dine in classic style and let us tempt you with creations in the tradition of mediterranean haute cuisine to which michelin has awarded 2 stars and 18 Gault Millau points. On the wine list you will find a rich selection of wines with an impeccable pedigree, in particular the Château Cheval Blanc after which the restaurant is named. In summer, enjoy the Rhine terrace.

Chez Donati is a piece of Italy - yet only a few steps away from Les Trois Rois. For fifty years, the restaurant has been Basel's embodiment of Piedmont culinary culture, a popular artists' rendezvous and famous far and wide for its fine fare, Murano chandeliers and contemporary art. As well as classic fare on our main menu card, we also serve regularly changing seasonal dishes.

Spice up everyday life with a dash of savoir vivre. The pleasantly relaxed atmosphere together with the traditional French and Swiss brasserie specialties make this restaurant an all-day favourite. The menu is varied and offers something for every palate. Those in the know enjoy the generous breakfast buffet from 6 am and the splendid view of the Rhine. Every Sunday lunchtime, why not treat yourself to the legendary Sunday buffet brunch.

Bar

The Les Trois Rois Bar is the perfect meeting place. Time passes in an instant over an exquisite cocktail, a delicious snack or a fragrant cigar from the humidior. The terrace overlooking the River Rhine or the crackling open fire both make a superb setting for an entertaining tête-à-tête. Connoisseurs enjoy our typically English Afternoon Tea.

Banquets and conferences

Celebrations with friends or discussions with business associates: the "Salle Belle Epoque" ballroom and the seven well-appointed conference rooms, the unique location of the grand hotel and exclusive service from start to finish will make every event a success. Generous window frontage allows for large amounts of natural light in these beautifully furnished rooms. Each conference room is air-conditioned and offers the latest in multimedia technology.
