## THE PEDRAZZINI EXPERIENCE: THE ART OF BEING SEDUCED

Looking for pure elegance and a southern attitude to life right in the middle of the Swiss capital for art and culture? Then look no further than the Pedrazzini Experience at the Grand Hotel Les Trois Rois in Basel! As our guest, you'll have the exclusive opportunity to enjoy the Pedrazzini family's exquisite boatbuilding skills in a city that is as noted for its cosmopolitan character as it is for its history and the mighty Rhine.

Experience spectacular views from a unique perspective with us on one of the famous Swiss runabout motorboats. Take the chance to experience three countries at once: Germany, France and, of course, Switzerland. Enjoy the feeling of gliding down the Rhine in one of the best motorboats of our time and you'll understand what timelessness, elegance and perfection are all about, especially when the golden sun bathes the border triangle and the city's historic backdrop in spectacular colours.

Pedrazzini is a byword for elegance, innovation and precision craftsmanship - a fact Thomas Straumann, owner of the Grand Hotel Les Trois Rois, very much appreciates. Select woods were crafted for our boat using the highest levels of expertise, making the refined design extremely sporty and durable. Thomas Straumann also wants our guests to enjoy this feeling and is therefore making the Pedrazzini Experience an exclusive one for you. Feel the wind in your hair, sense the power of the engine - or simply let yourself be carried along and experience the wild beauty of the Rhine. Every Pedrazzini Experience is different. Find out with us which one will be yours.

### **Pedrazzini, an international top-class boatbuilder**

You don't drive a Pedrazzini boat - you experience it. Perfected form, timeless design and an indomitable passion for craftsmanship are what distinguishes the motorboats of the traditional Swiss boatbuilding family from Bäch on Lake Zurich, ever since the company was founded in 1914. The legendary Capri Super Deluxe was created in the 1950s and is considered an absolute classic of modern design. It combined the pioneering spirit of company founder Augusto Pedrazzini with his son Ferruccio's bold flair for Italian design and Swiss precision. The soul of the "Capri" is still very much a part of all the runabouts of the company, which is now managed by Claudio Pedrazzini and his son Alessandro in the third and fourth generation. All with the same passion for the best materials, ingenious craftsmanship and sophisticated boatbuilding.

Perfected form, timeless design and an indomitable passion for craftsmanship are what distinguishes the motorboats of the venerable Swiss boatbuilding family from Bäch on Lake Zurich, ever since the company was founded in 1914.
