GOLF & THREE COUNTRIES

DAY 1 11 a.m. - Tee off at the Golf & Country Club Basel

A cross-border golfing pleasure with tradition: The Golf & Country Club Basel was founded in 1926. Since 1968, the course of the G&CCB has been located on the Geissberg, a mountain range between Wentzwiller and Hagenthal-le-Bas, about 15 minutes by car from the city of Basel. The 18-hole golf course, which is harmoniously embedded in the landscape, was designed by Bernhard von Limburger. Although in France, the G&CCB is a Swiss golf club and a member of Swiss Golf.

1 p.m - Lunch at Gasthaus zur Krone

The cuisine here is very special: it captivates with its pronounced individuality, combined with regional down-to-earthness. Here, regional products are put on the plate, composed into new and extraordinary creations. Chef de Cuisine Peter Prüfer is particularly proud of the vegan 5-course menu. He himself eats a purely plant-based diet and enriches the selection of his cuisine with a variety of vegan dishes, which he constantly expands and refines.

11 a.m. - World-class architecture

Although the people of Basel tend to be rather understatement, it still has to be said here: Basel is the architectural capital of Switzerland. Nowhere else are there so many buildings by world-famous architects can be found close together, embedded in a historically evolved building fabric. Thus, in Basel, only a few steps away from the beautiful and well-preserved Old Town with its landmark, the over 1000-year-old cathedral, architecture lovers will find works of art by international greats such as Richard Meier, Frank O. Gehry and Mario Botta. A total of 12 winners of the coveted Pritzker Architecture Prize have immortalised themselves in Basel with their buildings – a density of fascinating architecture anywhere else in the world.

The architectural tours can be booked by the hour or as half-day, day or even multi-day tours. The guides respond to individual interests and topics with pleasure and great openness, and many tours can also be arranged individually according to your wishes. Ask our concierge.

Fondation Beyeler

As an alternative to the architectural tour in Basel, we recommend a visit to one of the most beautiful museums in Switzerland and worldwide: the famous Fondation Beyeler in Riehen. The museum, located in the elegant building by Renzo Piano, was realised by the founding couple Ernst and Hildy Beyeler with a clear vision: The Fondation Beyeler was to become an open and lively museum that could inspire a broad public for art. A museum that, in addition to art experiences and cultural education, also promotes interpersonal encounters.

1 p.m. - Lunch in the Brasserie

It is a classic in Basel and has recently been awarded 15 GaultMillau points: Our popular brasserie Les Trois Rois serves market-fresh Swiss and French brasserie specialities. The varied cuisine, which bears witness to the rich terroir, is the fruit of the consistent work of the team around Maître d'Hôtel Hervé Mahler and Executive Chef de Cuisine Urs Gschwend. Enjoy your lunch including a view of the Rhine and experience culinary delights in a relaxed atmosphere.

3 p.m. - For car enthusiasts

For our guests who have a bit of petrol in their blood, this activity is particularly interesting. Les Trois Rois guests enjoy the privilege of a private tour of the Niki Hasler AG garage. With its fascinating Ferrari Classiche department, this exceptional garage is almost a Ferrari museum! This tour can only be booked with a minimum of 24 hours' notice via our concierge.
